Jose I. Ballester

COOL , creada por José Ignacio Ballester para Mantra, es una colección de iluminación de volúmenes suaves y agradables que expanden su luz de forma armoniosa y eficaz. Realizada en inyección plástica (polipropileno) y con sus elementos metálicos revestidos en acabados epóxi en un color blanco discreto, la hacen apta tanto para interior como para exterior. Con homologación IP44 o IP65 dependiendo de modelos. La colección la componen colgantes en dos tamaños y formas, sobremesa, banqueta y pié de salón. Sencilla pero impactante COOL va a encajar perfectamente en tu ambiente ideal.

*COOL, created by José Ignacio Ballester for Mantra, is a lighting collection with smooth pleasant volumes which expands its light in a harmonious and efficient way. Produced in a plastic injection (polypropylene) process and with metal elements coated in an epoxy finish with a discrete white colour; they are perfectly suitable for indoor and outdoor settings. With official IP44 or IP65 approval depending on the models. The collection is comprised by hanging lamps in two sizes and shapes, table lamp, bench lamp and floor lamp. Simple with an impressive impact, COOL perfectly blends into your ideal atmosphere.*
